## A Brand new Term!!

### ORIENTATION EDITION

Welcome to our new students. I hope that you feel at home in this very exciting city. For those returning – I am sure you had a good break with the amazing weather we have been having and I hope you are feeling positive about the term ahead.

While you have been away - Saud and I have been buying cricket equipment. Please make the effort to get to Hyde Park on Saturdays at 2pm, Marble Arch station – we are hoping that our efforts to get cricket going in the college will be successful.

## Imperial War Museum Visit!

About 25 students visited the Imperial War Museum on the 12<sup>th</sup> May. We saw exhibitions

on both World War I and World War II as well as a special exhibition on the Holocaust.

I asked Tia what she thought was the best thing about the museum and she said “ I really liked the big artillery guns. They are cool.” Ankit said he enjoyed the big war time aeroplanes that are hanging from the ceiling at the museum.

Many students spent a long time comparing the difference between the German, Russian, British and American tanks. These real relics from the war are featured in the entrance to the museum.

Figure Outside the Imperial War Museum

The Imperial Museum is a stark reminder of the devastation and sadness of war. It shows how it impacted the world and gave us an insight into what it was like to live during that time in a targeted city like London.

## Admiral Recruitment at “The Job Club”

Jack Yutton came to visit Morley House in the 28<sup>th</sup> May from Admiral Recruitment and addressed interested students about getting work in the hospitality industries.

Students with a background in catering, cooking, working in a hotel or in the hospitality industry might get an interview with Admiral if they send them their CVs.

For those who are interested in handing their CV’s in in person or those who would like to speak to Jack – he will be here in Orientation week on the Thursday from 1.30pm-2pm in Room 303, Morley House. Please join us there if you would like to get work and feel that you have the needed experience.

Students give their CVs in for temporary work

## Class Presentations

If you were wondering why some students from Anju's HNC Computing Semester 2 class and Pratima's DMS class were wandering around in suits, the reason is they were giving presentations. "What was it all for?" you may ask. Well, Anju's group were asked to give presentations introducing a "new product" on the market as they would do in a real-life business situation. Pratima's class were asked to do presentations as part of their Research Methods course. Suray Vadali, John Pomeroy and Peter Wild were some of the judges who took part in assessing the strengths and weaknesses of those presenting. You can see some of these presentations on our homepage [www.williamscollege.co.uk](http://www.williamscollege.co.uk). Have a look.

It was a fun and valuable experience for all those who were involved.
